International Journal of Food Sciences and Nutrition publishes research articles and critical reviews in the fields of food sciences and nutrition, with special emphasis on the emerging interface between the sciences.

Editorial correspondence, including manuscripts (plus two copies) for submission and books for review, should be addressed to Dr C. J. K. Henry, School of Biological and Molecular Sciences, Oxford Brookes University, Oxford OX3 0BP, UK. Details concerning the preparation and submission of articles can be found in the inside back cover of this issue.

Business correspondence, including orders and remittances relating to subscriptions, advertisements, back numbers and offprints, should be addressed to the publisher: Carfax Publishing Company, PO Box 25, Abingdon, Oxfordshire OX14 3UE, UK.

Copyright: All rights reserved. No part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise without the written permission of the copyright holder. © Journals Oxford Ltd

Abstracting and indexing services: *International Journal of Food Sciences and Nutrition* is covered by *BIOSIS, CABS, Food Science & Technology Abstracts, Index Medicus, MEDLINE, Nutrition Abstracts & Reviews* and *Research Trends in Food Safety.*

The journal is published four times a year, in February, May, August and November. These four issues constitute one volume.

Volume 46, Number 1, February 1995

Papers

Influence of processing and cooking of carrots in mixed meals on satiety, glucose and hormonal response
Kerstin Gustafsson, Nils-Georg Asp, Barbro Hagander, Margareta Nyman and Thomas Schweizer 3

Reduction of cyanide levels in cassava during sequential sundrying and solid state fermentation
R. Zvauya and M. I. Muzondo 13

Serum cholesterol and triglyceride levels in weight reduction program dropouts
N. V. Dhurandhar and P. R. Kulkami 17

Application of a colorimetric method to the determination of the protein content of commercial foods, mixed human diets and nitrogen losses in infantile diarrhoea
Anna M. Cioccia, Eduardo Gonzalez, Mirlene Perez, Jose A. Mora, Hans Romer, Emiro Molina and Patricio Hevia 21

Aluminium leaching from utensils—a kinetic study
K. S. Jagannatha Rao and G. Valeswara Rao 31

In vitro rat pancreatic digestive enzyme activities and raw and heated glandless cottonseed and soybean flours
Véronique Bertrand, Josiane Prost and Jacques Belleville 39

Vitamin C in leaves and seed oil composition of the *Amaranthus* species
Dhan Prakash, B. D. Joshi and M. Pal 47

Phytate and zinc bioavailability
A. Wise 53

The adverse effects of long-term cassava (*Manihot esculenta* Cranz) consumption
Beryl P. Kamalu 65

The art of lecturing. How to become a scientific entertainer
Wim van Dokkum 95

Volume 46, Number 2, May 1995

Papers

A model study on rate of degradation of L-ascorbic acid during processing using home-produced juice concentrates
M. G. Roig, Z. S. Rivera and J. F. Kennedy 107

Reproducibility of a semiquantitative food frequency questionnaire to assess the intake of fats and cholesterol in The Netherlands
I. J. Feunekes, W. A. Van Straveren, F. Graveland, J. De Vos and J. Burema 117

Reducing cassava toxicity by heap-fermentation in Uganda
A. J. A. Essers, C. Ebong, R. M. van der Grift, M. J. R. Nout, W. Otim-Nape and H. Rosling 125

Dietary assessment of a group of elderly Spanish people
R. M. Ortega, P. Andrés, M. R. Redondo, M. J. Zamora, A. M. López-Sobaler and A. Encinas-Sotillos 137

Variation of iron, copper, free fatty acid content and lipoxygenase activity in peanut kernels subjected to various pretreatments and roasting
M.-J. Chen and R. Y.-Y. Chiou 145

Evaluation of the selenium content of the traditional Italian diet
Renata Amodio-Cocchieri, Antonio Amese, Attilio Roncioni and Giovanna Silvestri 149

Glycaemic response in normal subjects to five different legumes commonly used in the Philippines
Leonora N. Panlasigui, Lourdes M. Panlilio and June C. Madrid 155

Nutritional and dental implications of high and low intakes of sugar
A. R. P. Walker 161

Trans fatty acids: a cause for concern?
Alex Chisholm, Jim Mann and Murray Skeaff 171

Effect of stabilisation treatment of rice bran on nutritional quality of protein concentrates
Jamuna Prakash and G. Ramanatham 177

Volume 46, Number 3, August 1995

Papers

Effect of amylase treatment on the consistency of cooked, fermented oat bran porridge
Dele Raheem 189

Studies on the underexploited legumes, *Indigofera linifolia* and *Sesbania bispinosa:* nutrient composition and antinutritional factors
P. Siddhuraju, K. Vijayakumari and K. Janardhanan 195

Fatty acid composition of the milk of well-nourished Sudanese women
M. D. Laryea, M. Leichsenring, M. Mrotzek, Eisa O. El-Amin, Abbas O. El Kharib, Hassan M. Ahmed and H. J. Bremer 205

Nutritional evaluation of desi and kabuli chickpeas and their products commonly consumed in Pakistan
M. Akmal Khan, Neghmana Akhtar, Ihsan Ullah and Saeeda Jaffery 215

Effect of Japanese mint (*Mentha arvensis*) oil as fumigant on stored sorghum: physical characteristics, sensory quality and germination
Manju Singh, Sarita Srivastava and R. P. Srivastava 225

Comparative determination of ascorbic acid in bass (*Morone lebrax*) liver by HPLC and DNPH methods
Semih Ötles 229

An evaluation of a project to improve child nutrition in Tanzania
N. Kibona, C. Doland, F. E. Watson, D. Alnwick and A. Tomkins 233

The effects of processing on the availability of lysine in kenkey, a Ghanaian fermented maize food
P. F. Nche, M. J. R. Nout and F. M. Rombouts 241

Maternal nutritional status may be stressed by seasonal fluctuations in food availability: evidence from rural women in Kenya
Hilda N. Kigutha, Wija A. van Staveren, Trudy M. A. Wijnhoven and Joseph G. A. J. Hautvast 247

Alteration of circulating micronutrients with overt and occult infections in anaemic Guatemalan preschool children
M. Ruz, N. W. Solomons, Luis A. Mejia and F. Chew 257

Studies on the baking properties of non-wheat flours—I. Breadfruit (*Artocarpus artilis*)
Kayode O. Esuoso and Francis O. Bamiro 267

The use of high-phosphorus supplements to inhibit dental enamel demineralisation by ice lollies
T. H. Grenby and M. G. Saldanha 275

The use of sugar as a vehicle for iodine fortification in endemic iodine deficiency
Mohamed Eltom, Babikir Elnagar, El Agib Sulieman, F. Anders Karlsson, Hong V. Van Thi, Pierre Bourdoux and Mehari Gebre-Medhin 281

Dietary intake of fruits and vegetables in Norway: influence of life phase and socio-economic factors
Margareta Wandel 291

Volume 46, Number 4, November 1995

Papers

Effect of supplementation of milk fat with peanut oil in blood lipids and lipoproteins in infants
K. Hariharan, Soma Kurien and S. Venkat Rao 309

Irradiacted versus fumigated spices in sausage
C. R. Bolander, R. B. Toma, R. M. Davis and N. P. Medora 319

Satiety effects of spinach in mixed meals: comparison with other vegetables
Kerstin Gustafsson, Nils-Georg Asp, Barbro Hagander and Margareta Nyman 327

A quantitative model for prediction of iron bioavailability from Indian meals: an experimental study
Anima N. Anand and Subadra Seshadri 335

Selenium content of convenience and fast foods in Ayrshire, Scotland
Jeannette Molnár, Allan MacPherson, Ivy Barclay and Pál Molnár 343

Feeding of lactic acid-fermented high nutrient density weaning formula in paediatric settings in Ghana and Nigeria: acceptance by mother and infant and performance during recovery from acute diarrhoea
P. Mensah, C. I. Ndiokwelu, A. Uwaegbute, A. Ablorde, A. M. G. A. van Boxtel, C. Brinkman, M. J. R. Nout and P. O. Ngoddy 353

Effect of deep-fat frying on fat oxidation in soybean oil
Dayawatee Goburdhun and Babita Jhurree 363

Is breast cancer avoidable? Could dietary changes help?
Alexander R. P. Walker, Betty F. Walker and Sandra Stelma 373
